Q-Park Process

| Arrival at the car park

When you arrive at the car park entry barrier (at the time indicated for your reservation), present the QR code in front of the optical reader. The ticket corresponding to your order will be issued. Take your ticket and keep it with you, it will open the pedestrian access when you return to collect your vehicle. Park your vehicle where you want, except on the reserved spaces.

If you arrive late at night, use the night call buttons to contact the parking host; he will open the gate so you can access the entry barriers.

| Important

Make sure you give yourself enough time to reach the entry barriers, this car park is often extremely busy on performance nights. Q-Park Resa customers do not have priority access and Q-Park cannot be held responsible for any waiting time before the entry barriers.

| Secure pedestrian access

To enter the car park on your return, insert your car parking ticket in the reader next to the pedestrians' access door.
