## Q-Park process

### | Arrival at the car park

When you arrive at the car park entry barrier (at the time indicated on your reservation), present the QR code that you received in front of the optical reader. The ticket corresponding to your order will be issued. Take your ticket and keep it with you, it will open the pedestrian access when you return to collect your vehicle. Park your vehicle where you want except in the reserved spaces.

If you arrive late at night, use the night call buttons to contact the parking host, he will open the gate so you can access the entry barriers.

### | Secure pedestrian access

To enter the car park on your return, insert your car parking ticket in the reader next to the pedestrians' access door.

### | Leaving the car park

Insert your ticket in the automatic barrier machine to exit the car park. In the event of an early arrival and/or late departure, you can pay the excess amount due at the automatic ticket machines or at the automatic barrier machine using your bank/credit card or Total GR card.

### | If necessary

Press the call buttons (intercom) located by the entry and exit automatic barriers and on the automatic ticket machine. A parking host will answer you 24 hours a day.
